

Experts in commercial flooring

Over 40 years of dealing personally and delivering professionally

Intercraft.
 **NFS** FLOORING GROUP

skilled
reliable
responsive
professional
experienced
innovative
and ready with a solution

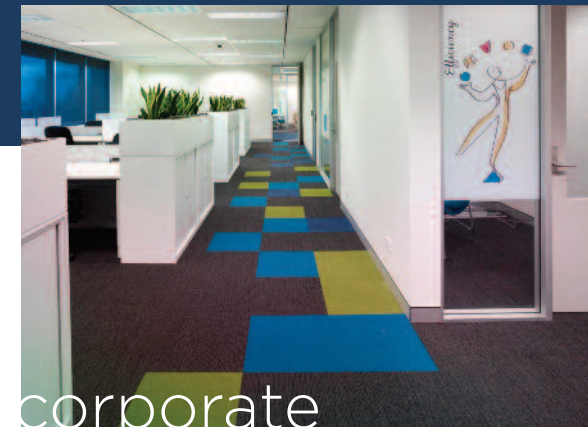

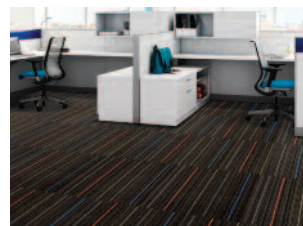

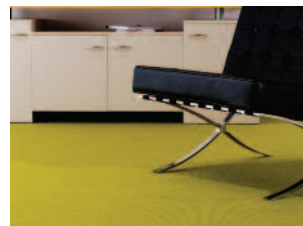

After 40+ years of providing great flooring, our most prized accomplishment is the large number of repeat-customers we enjoy.

Government, corporate, health, schooling...whether the job is measured in hundreds of metres or much smaller, our clients look to us for a one-stop answer.

They have learnt to rely on our installations for their timely completion and minimal—if any—disruption to a working day.

By being (determinedly) family-owned, we are focussed on customer service but alert to new options, technologies and trends.

And while we are brilliant with simple requests, we excel in the difficult ones.

corporate

corporate office, brisbane
